

FINANCIAL PHILOSOPHY

To create an understanding and partnership in the settlement of your account, No Surprises!

It is important to us that the quality of our business services matches the quality of our dentistry. We want the handling of your account, from the start through final payments to be perceived as an extension of the dental care we provide you and your family.

Patient's Role

As with any partnership, both parties have a role to play. Our role is to provide you with quality service. In turn, your role is to pay for your treatment in a timely manner. Our team will work with you to determine financial arrangements that make sense for both of us. With an agreement made, our joint follow-through will result in a win for everyone.

In developing a financial arrangement it is important to remember your dental future. Our experience has shown that when an account lingers, patients are likely to defer their appointments. It is discouraging to add new charges to an account when trying to pay off old charges. With this in mind, we will concentrate our efforts on clearing your account in as short a time as is comfortable for both of us.

We ask all patients to complete our Patient Information and Insurance Form before seeing the doctor as that insures our office of obtaining the correct information to better serve you in regards to your benefits.

Your estimated portion of treatment is due at time of service. We accept all of the following...
CASH, PERSONAL CHECK, MASTERCARD, VISA, AMERICAN EXPRESS

Ask us about easy pay options, we offer access to extended payment plans with a credit approval. I give my consent for a credit check.

What is your preferred method of payment at the time of service? _____

Regarding Insurance

We may accept assignment of insurance benefits, however the balance is your responsibility whether your insurance company pays or not. We cannot bill your insurance company unless you give us your complete insurance information. Your insurance policy is a contract between you and your insurance company. We are not a party to that contract. If your insurance company has not paid on your claim within 45 days, the full balance will automatically be transferred to you. That balance will be due upon billing.

We very much appreciate your payment upon receipt of services. In the event that your insurance company denies payment of a service, you are responsible for that fee. Any unpaid balance after insurance pays is due within 45 days.

I understand that any unpaid balance after 60 days in charges a yearly finance charge of 18%. I further understand that this finance charge is equal to 1.5% of my outstanding balance per month. **I understand that if my account reaches collection status (90 days) and I make no effort to pay off my account in full, my account will be assigned to a collection attorney or agency. If the attorneys must take additional steps to collect my account, I will pay ALL cost of collection, including court cost and attorney's fees incurred by the account.**
